Bootstrap

Frontend Developer

I am a dedicated frontend developer with a strong passion for building web applications using modern technologies. With a keen eye for design and a commitment to delivering high-quality user experiences, I continuously strive to enhance my skills and stay updated with the latest industry trends.

Experience

Intern
Hub I.T Traning And Solution (May 2023- 2024)
Gained hands-on experience in web and software development, working on projects using React/Next.js. Collaborated with the team to understand the software development lifecycle, version control with Git, and agile methodologies.

Frontend Developer
Hub I.T Traning And Solution (2024- Present)
Working as a Frontend Developer, focusing on responsive design, accessibility, and performance optimization using React.js, TailwindCSS, Shadcn, github and Next.js.
